Task Force Position Descriptions

Communications Specialist

Position Specific Requirements:

The Taskforce Communications Specialist is responsible for managing, and maintaining, all communications and communications systems for their Task Force. The Communications Specialist reports directly to the Logistics Team Manager.

Description of Duties:

The Communications Specialist is responsible for:

- Keeping the Task Force Leader and Logistics Manager informed of the capabilities and/or limitations of incident communications
- Assessing overall communications needs, obtaining frequencies, and developing the Task Force Incident Communications Plan
- The installation, operation, and maintenance of the task force communications systems, including: radio, satellite, telephone, internet, GPS's and networks during incidents
- Coordinating communications with other entities, task forces, and the Incident Support Team (IST) Communication Unit Leader
- Adhering to all safety procedures
- Accountability, preventive maintenance, and minor repairs of communications equipment
- Maintaining appropriate records and reports
- Maintaining the communications cache in an operational state at all times
- Developing requests for replacement, or repair, for consumable, inoperative, lost, damaged, or destroyed communications items
- Develop a Task Force Communications Plan (ICS 205) as part of Tactical Action Plan
- Operate as an IST Communications Center Dispatcher
